

GLOBAL TASK FORCE ON
CHOLERA CONTROL

**REGIONAL AND GLOBAL CHOLERA SURVEILLANCE:
WHY DOES IT MATTER?**

GT FCC Surveillance WG

3 May 2023

Alexandra Medley, CDC

PURPOSE OF REGIONAL AND GLOBAL SURVEILLANCE

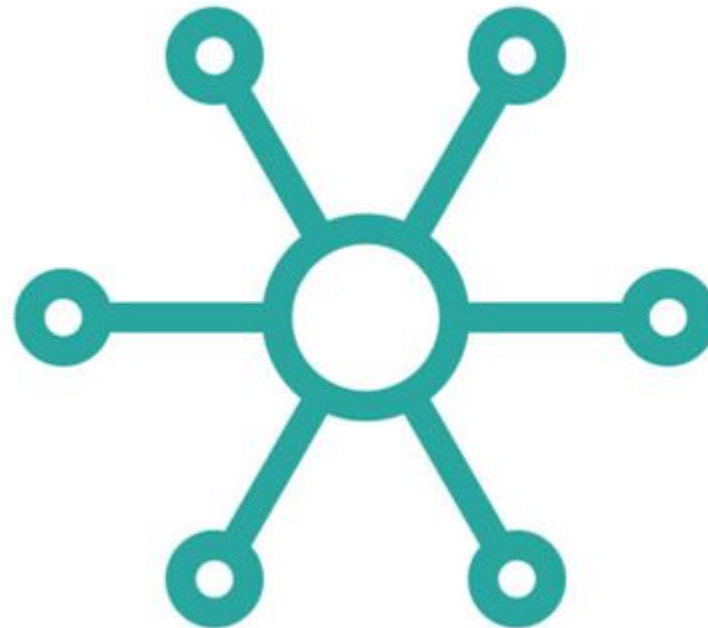

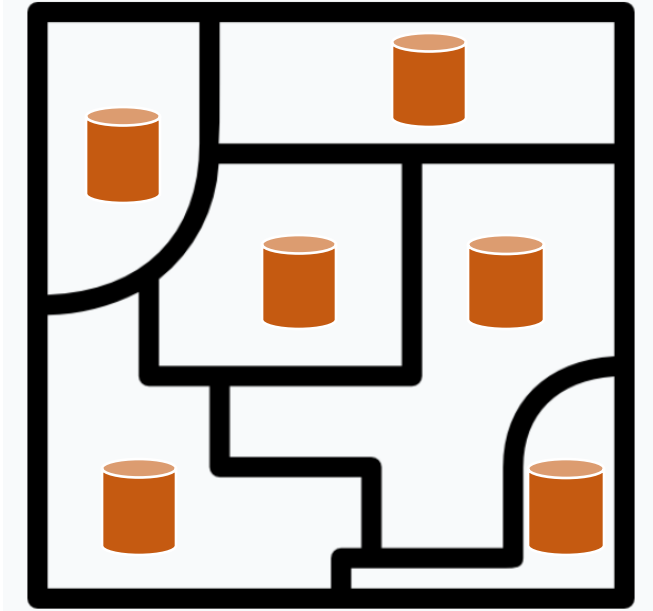

Support cholera **preparedness** and outbreak **response**, and **monitor progress** along the Global Roadmap at the regional and global levels

PRINCIPLES

**Cholera surveillance in
countries of a region**

**Regional cholera
surveillance**

GOALS OF REGIONAL AND GLOBAL SURVEILLANCE

- Develop, animate and sustain strong cholera **networks** (timely and robust alert or reporting **channels**) cross-border, regionally, and globally
- Collect, validate, analyze, interpret, and disseminate data on the **cholera epidemiological situation and risk of spread** at the regional and global levels to foster coordinated regional preparedness and response
- Monitor and support countries to **strengthen cholera surveillance** by assessing the modalities and performance of countries for cholera surveillance

ATTRIBUTES

- Should be a **low burden** activity to encourage country participation
- Outputs should be **timely, fit for purpose, and informative** to stakeholders
- Participation should ultimately **strengthen** country surveillance

OBJECTIVES FOR THIS AFTERNOON

■ Present the state of play at the global and regional levels

- What is being done
- Key achievements
- Challenges and gaps

■ Discuss and shape the way forward
