

# GLOBAL TASK FORCE ON CHOLERA CONTROL

## Tenth meeting of the GTFCC Working Group on Oral Cholera Vaccine

October 11-13, 2023

Hosted at IVI Center, Seoul, South Korea

### Purpose

The annual working group meeting aims to bring together members, countries, research institutions, funders, vaccine manufacturers, and partners supporting development, emergency response, and field implementation to strengthen the Global Taskforce for Control Cholera partnership for the OCV pillar, to review progress on WG priorities, and provide an opportunity for partners and countries to engage and collaborate on OCV-related issues.

### Aims

Through active discussions, the attending working group members will review progress of ongoing working group (WG) activities and OCV deployment, discuss and propose concrete actions to address current challenges, report on priority research progress and identify any additional research needs, and identify WG priorities for the next 12 months. Through working sessions, WG members will be invited to review and revise critical guidance documents.

### Objectives of the meeting

- Review the issues of the campaigns implemented in 2023
- Celebrate partner and country successes
- Discuss procedures for submission of preventive multi-year OCV requests
- Review progress on OCV research during 2022-2023
- Review progress on OCV WG guidance under development,
- Ratify WG priorities for 2024

### Venue

- The meeting will be hybrid. Presential meeting will be held at IVI Center  
Address: 1 Gwanak-ro, Nagsongdae-dong, Gwanak-gu, Seoul

### Participants
