GLOBAL TASK FORCE ON
CHOLERA CONTROL

MAKING THE LIST OF PAMIs PUBLICLY AVAILABLE?

Guided discussion

F. Finger

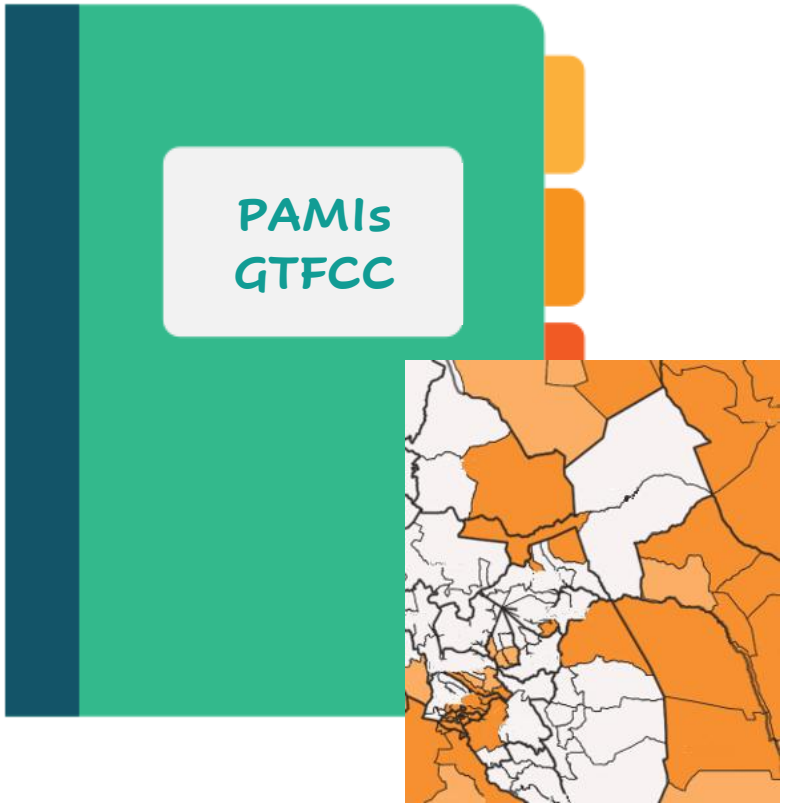
22 May 2024

USE & BENEFITS

- **For countries to**
  - See where PAMIs are in neighboring countries for cross border coordination efforts
  - Learn from each others by seeing how other countries have addressed some challenges (e.g., data, workshop, threshold)
  - Highlight their engagement in Ending Cholera

- **For the broader GTFCC community**
  - Visibility on PAMIs: advocacy, operational project design, global roadmap M&E, etc

SCOPE



- **Publication of**
  - PAMI identification report
  - Map of PAMIs
- **For countries**
  - Having used a 2023 GTFCC method (control or elimination)

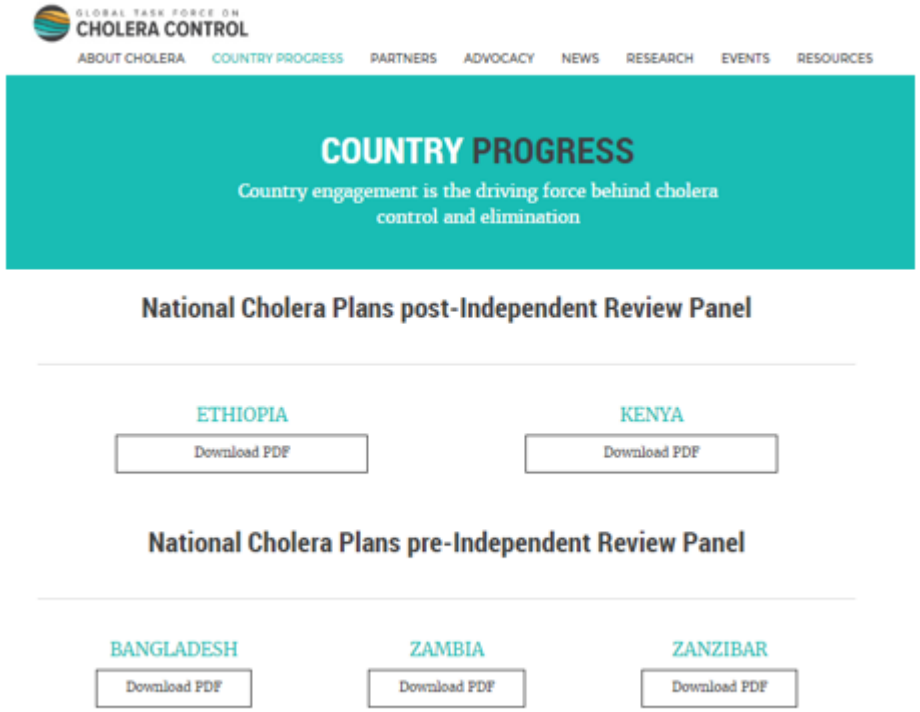
PROCESS

Individual country agreement

GTFCC Secretariat would formalize individual country agreement prior to publication

Publication

- GTFCC website, country progress section (with NCPs)
- **1st step** repository by country
  - PAMI identification report
  - Country map of PAMIs
- **2nd step** (once there will be several countries), global map of PAMIs



Thank you
Together we can
