

**The Global Task Force on Cholera Control (GTFCC)  
WASH Working Group Annual Meeting # 09 (June 17<sup>th</sup> and 18<sup>th</sup>, 2024)**

**Objectives**

- Elaborate the Wash Working Group (WWG) vision to help reach the GTFCC roadmap objectives by 2030.
- Take an objective assessment of WASH activities since its launch. Identify silos, problems, and opportunities to guide our priorities for the next two years, and until 2030.
- List the objectives, activities, and priorities for the 3 axes (prevention, control, and coordination)
- Highlight activities that will be handled by the WWG alone, and activities that will be cross-pillar and/or need support of external partners/stakeholders.
- Bring a focused message to the GTFCC AM (vision, objectives, constraints).

**Expected Outcome**

- A common vision with detailed objectives for 2030 is agreed upon by partners of the WASH WG.
- Priorities in terms of outputs / outcomes are defined for the next 2 years.

**Pre-reading**

- Ending Cholera—A Global Roadmap to 2030, GTFCC 2017 (In English/French)
- “Reviewing our joint vision midway through the implementation period of the GTFCC’s Global Roadmap to 2030”, Draft 0, June 2024.
- Mid-term Independent Evaluation of the GTFCC overview (1-pager)

**Key information**

- The meeting will be hosted by the IFRC (chemin des Crêts 17, 1209 Geneva) <https://maps.app.goo.gl/mGuvA9mgC7CP6dPq8>
- Badges will be provided to participants at the entrance of the IFRC building.
- On Monday night, an afterwork (at participants' charge) is organized at the Bateau Lavoir (Promenade des Lavandières) <https://maps.app.goo.gl/TsVQfyB8M9bTysr49>
- Virtual participation will be available for every session.
- A report will be provided shortly after the end of the WWG AM.
- Taxi contact will be facilitated for participants who are attending the GTFCC AM on Wednesday.
- Key contacts: Pierre-Yves Oger: +33627786214 (WhatsApp) / Laurent Sax +41797288437 (WhatsApp) / IFRC Reception: +41227304222
