CHOLERA CONTROL

GTFCC WASH WORKING GROUP ANNUAL MEETING 2024
SESSION 1: OVERVIEW OF THE MEETING AND AGENDA

GTFCC WASH Working Group
Annual meeting
June 17th, 2024

Introduction (1/2)

Our view:

- We wish we can define a common vision and clear objectives for the Working Group
- The annual meeting is a good opportunity to build a strategic approach together, rather having a series of presentations / discussions on technical subjects
- With clear objectives and ideally a 2-year list of priority outcomes, it will be easier to collectively decide on priority technical topics, and organize subsequent work (dedicated webinars, review of the SWGs, new ways of working, etc.)

We've shared last Friday a draft 0 "Reviewing our joint vision midway through the implementation period of the GTFCC's Global Roadmap to 2030", but everything is open!

Introduction (2/2)

Our goal for the annual meeting:

At the end of the annual meeting, we have a draft written agreement between the partners on a clear vision and objectives for the WASH Working Group. A draft 2-year list of outcomes is developed to help us prioritize activities and ways of working.

Our proposal:

To build on the three strategic axes of the Global Roadmap as a structured approach to:

1. Refine our vision
2. Agree on specific objectives
3. Develop a 2-year list of priority outcomes

Agenda, day 1, Monday 17 June 2024

- | | |
|---------------|---|
| 9:15 – 9:30 | Session # 1: Presentation of the Annual Meeting structure |
| 9:30 – 10:00 | Session # 2: Review of 2023 WWG activities |
| 10:00 – 10:30 | Coffee break |
| 10:30 – 11:00 | Session # 3: GTFCC Roadmap & overview of the research agenda |
| 11:00 – 12:30 | Session # 4: Open dialogue to discuss successes, lessons learnt, problems/gaps, bottle necks on WASH for the 3 axis of the Roadmap |
