

Coordination (axis 3)

Vision: in 2030, the GTFCC WASH Working Group is representative of the communities affected by cholera and effectively engages with WASH development partners to ensure prioritization of WASH access in PAMIs.

Objectives

- Decision makers from Water and Sanitation Ministries actively engaged in the GTFCC WASH Working Group.
- GTFCC partners' networks leveraged to ensure interest of the WASH sector to prioritize Cholera PAMIs in development priority objectives.
- Coordination with other GTFCC Working Groups fully achieved.
