

GLOBAL TASK FORCE ON CHOLERA CONTROL

Virtual meetings of the Global Task Force on Cholera Control (GTFCC) Working Group on Water, Sanitation and Hygiene (WASH)

Webinar #04: WASH-WG meeting (29.09.2021)

Objectives of the WG meeting

- Review and take stock of the WASH Working Group workplan
- Update members of the group on all 5 workstreams, and discuss the priority areas of work which the group wants to prioritise in the next year (2021 and 2022)
- Collectively decide on which 2-3 work areas to prioritise and plan resource allocation
- Create shared ownership of priority work areas through the development of sub-working groups, to be led by WG members volunteering for the task

Agenda
